

The Meadow Community Primary School

Science Overview

<u>Year</u>	<u>Units 1 and 2</u>	<u>Units 3 and 4</u>	<u>Units 5 and 6</u>
EYFS	Changes in the environment Body parts	Growing plants Space	Animals Scientific discovery / retrieval
1	My body Everyday materials	Seasonal changes Finding out about plants	Finding out about animals
2	Living in habitats Exploring everyday materials	Growth and survival Growing plants <small>planting seeds, bulbs, germination investigation, how a plant grows and changes</small>	Super scientists Staying healthy
3	Health and movement Rocks, fossils and soils	Rocks, fossils and soils cont. How plants grow – <small>dissecting plants, pollination, seed formation and dispersal</small>	Forces and magnets Light and shadow
4	The digestive system - teeth Circuits and conductors	States of matter States of matter	Changing sound Living in environments
5	Earth and space Changes and reproduction	Properties and changes of materials Life cycles	Forces in action
6	Animals including humans - healthy bodies Living things and their habitats - classifying organisms	Evolution and inheritance Seeing light	Electricity – changing circuits Influential scientists
